CS aerotherm stepped into the commercial bakery equipment domain, in the year 1997, with a long-term technical collaboration with FN Aerotherm, Denmark to manufacture rotary-rack (B-900 and B-1300) and electrical deck-ovens and most advanced Diesel, Gas, Electric Rotary Rack ovens. Today our product range not only meets the demand of domestic clients but also find their way to highly satisfied clientele in countries of Indian sub continent, Middle East and Africa. For the expanding domestic and international client database, our brand 'CS Ovens' stands for quality, variety and dependability.

CREAM INJECTOR MACHINE

Cream Rolls, Croissants, Donuts and Puffs are an integral part of any bakery. However, injecting cream or filling in them can be cumbersome. That's why CS aerotherm has come up with a solution to this problem. We bring to you our Cream Injector Machine. This Dosing/Filling machine is extremely easy to operate. It is equipped with an injecting gun that comes with 3 different types of nozzles. You can also fit it on a work bench and save space. It can inject 5 to 40 grams of filling at one go. Upto 3500 pcs can be achieved in an hour in continuous mode. Its Stainless Steel Hopper comes with a capacity of 15L which provides it a sturdy yet aesthetic look. Pedal control makes it extremely hygienic and convenient to fill - no more sticky and untidy work counters.

Specifications:
