CS aerotherm stepped into the commercial bakery equipment domain, in the year 1997, with a long-term technical collaboration with FN Aerotherm, Denmark to manufacture rotary-rack (B-900 and B-1300) and electrical deck-ovens and most advanced Diesel, Gas, Electric Rotary Rack ovens. Today our product range not only meets the demand of domestic clients but also find their way to highly satisfied clientele in countries of Indian sub continent, Middle East and Africa. For the expanding domestic and international client database, our brand 'CS Ovens' stands for quality, variety and dependability.

Auto Single Cream Slicing and Filling Machine

The Auto Single Cream Slicing and Filling Machine slices Hot Dog bread and fills cream in between the slices. This is extremely useful for medium to large Hot Dog Manufacturers. Filling is even and uniform. You can even adjust the length and volume of the filling. Different kinds of filling can be used to enhance the taste. Burger Buns can also be sliced in the same machine.

Standard Features:

- Solid Robust Construction with wheels for easy movement.
- Anti Vibration plugs to ensure greater stability.
- Easy Adjustment for length and volume of cream to filled.
- Adjustable speeds for flexible output control.
